Why Ford Escort's success was easy to forecast.

Some of the worst weather conditions around are also some of the best reasons why Ford Escort has been America's best-selling small car for the past three years*

Front-wheel drive helped it climb to the top.

Escort comes with front-wheel drive–a feature that delivers good traction.

But there's more to its success than just traction.

There's rack and pinion steering and 4-wheel independent suspension for impressive comfort and handling. Five-mph bumpers for added vehicle protection from the minor impacts that can occur in any weather.

Escort LX and GT even come standard with electronic fuel injection for improved cold weather and cold engine response.

And when it comes to economy, you can start saving your money for a rainy day. With mileage ratings of 34 city and 44 highway.**

Ford Escort. Its engineering always shines. Even when the weather doesn't.

Quality is Job 1.

This isn't just a phrase. It's a commitment to total quality, which begins with the design and engineering of our cars and continues through the life of the product. And the commitment continues for 1985. Ford is determined to build the finest cars in the world.

Lifetime Service Guarantee.

Participating Ford Dealers stand behind their work, in writing, with a Lifetime Service Guarantee. See your participating Ford Dealer for details.

*Based on manufacturers' reported retail deliveries during 1982-1984 model years.

**EPA estimates. Actual mileage will vary with maintenance, options, driving conditions and driving habits. Escort mileage applicable to sedans with FS engine and without power steering and A/C. Not available in California.

Have you driven a Ford... lately?

IF COLLEGE STUDENTS DIDN'T HAVE SO MANY PROBLEMS, WE WOULDN'T MAKE SO MANY CALCULATORS.

Today, anyone with a brain in their head keeps a brain in their hand, too. Which is why Sharp offers a wide range of scientific and financial calculators to choose from.

Scientifically speaking, there's a Sharp calculator that functions as a BASIC computer. A programmable Sharp with a 24-digit display. And solar-powered Sharps that work without batteries.

On the financial end, there are Sharp calculators that perform interest calculations automatically. And compute mark-ups instantly. There's even an advanced model that's programmable in BASIC computer language.

In fact, Sharp makes a calculator for just about every scientific and financial problem you're likely to run into. And each one comes with an extensive applications manual that makes them easier to use.

So if you've got problems in school, take the easy course.

Buy a Sharp calculator.

"HOW BIC DOES IT FOR 20¢ BEATS ME."

John McEnroe doesn't hand out compliments easily. But the extraordinary ability of a 20¢ BIC to shave this smooth, close and comfortably left him momentarily speechless. And that's not easy to do.

BIC THE SHAVE THAT SAVES.

HOW TO REGISTER

The period from Monday, November 19th through Friday, November 30th has been set aside for registration. Please read the following instructions carefully so that you will understand how to register for next semester.

Where To Obtain Your Registration Forms

1. CAS Students must obtain their forms from their major department. Students with undecided majors should report to the Office of Academic Support Services located in (020/3/625).
2. Management students obtain their forms at the student support services office (CM dept.).
3. CPCS students obtain their forms in room 406A, Park Square Building.
4. Nursing and Education majors obtain their forms at their major departments.

FORMS MUST BE RETURNED TO THE REGISTRAR'S OFFICE BY NOVEMBER 30, 1984.

- CPCS students should return their forms to the Office of Academic Affairs, room 406A, Park Square.
- Continuing students who do not submit pre-registration forms by November 30, 1984 will be assessed a $25 late registration fee.

Registration Forms

1. Each student is given a form on which to register. This form allows the option of utilizing up to 2 alternate choice requests.
2. Free Time Request Form — These forms are being used again this semester so that students may indicate particular hours during which they do not wish classes to be scheduled. To insure that the information can be interpreted, it is essential that a #2 pencil be used to fill in the slots corresponding to the times and days of the week during which you do **not** want classes scheduled.

   Use of these forms do not enhance your chances of receiving a section that you request, they could in fact limit your ability to obtain a course because you will not be assigned to sections that meet at hours from which you have exempted yourself. Use of these forms could limit your chances of receiving a full schedule.
3. The registration form and time exemption form are read by machine. This means the markings must be completed carefully, I.E., no erasures, stray marks, folds, etc. A #2 pencil must be used.

Semester Schedule Booklets

The schedule booklet is the list of courses that will be offered in the Spring '85 Semester. Your program for the next semester should be chosen from this booklet, along with the course addenda which is a list of changes made to the semester booklet (if sections are added, courses are cancelled, etc.) Please do not select courses from the schedule booklet without checking the addendum as changes may have been made.

The University course listing is a complete listing of courses offered with descriptions. University requirements are also listed in this book.

STUDENTS WHO OWE FOR A PREVIOUS SEMESTER WILL NOT BE ALLOWED TO REGISTER FOR FUTURE COURSES UNTIL ALL FINANCIAL OBLIGATIONS HAVE BEEN CLEARED.

THESE BILLS MUST BE CLEARED BEFORE THE END OF THE ADD/DROP PERIOD, (JANUARY 22, 1985) IF REGISTRATION IS TO BE PROCESSED FOR THE SPRING 1985 SEMESTER. AFTER PAYING FOR A PREVIOUS SEMESTER STUDENTS MUST APPLY FOR READMISSION.

HOW TO FILL OUT YOUR REGISTRATION FORMS

1. Be sure that all numbers are penciled neatly and completely. Double check to see that entries are accurate. If a number is incorrect or illegible or not blocked in totally, the entire transaction will be invalidated.
2. Use the 6 digit schedule number assigned to the specific section at the specific time you wish to take the course (see Example 1 below).

	7	146343	MWF 10:30	1-1-054		ANDIC

3. When registering for a course with 2 or more parts (lec., lab) be sure to include all parts or you will arbitrarily be assigned the missing portions (see example below).

4. Alternate Choice — Some choices are listed with the notation 'Alternate choice advised'. This is used for courses which in the past have been consistently overenrolled. This does not mean you cannot request one of these courses, only that you would be well advised to consider making an alternate choice along with this request. It would also be helpful to use the 2 alternate choices whether or not it is specifically advised as their use enhances a student's possibility of obtaining courses. Alternates must be a different course — not a different section of the same course. (see example 3). For example: Alternate 1 will be considered only if course request 1 cannot be scheduled. Similarly, alternate 2 will be considered only if course request 2 cannot be scheduled. Alternates are not transferrable from one choice to another.

INSTRUCTIONS

Using #2 pencil, fill in one block (minimum) for each COURSE or Specific SECTION. Up to three blocks may be needed if specific sections of a course with lecture, lab and/or discussion portions are stipulated. Confine marks to designated positions. Do overlap marked positions.

Blocks eight and nine may be used where the Schedule Booklet indicated "alternate choice advised" because of frequent over-subscription. Otherwise, regular choices can be entered in eight and nine.

If one of these forms cannot describe the particular configuration of your course choices, a second form with additional information may be filed.

Carry completed form to the Appropriate Office.

EXAMPLE OF A COMPLETED TIME EXEMPTION FORM

Please note that Mr. Smith does not want to be scheduled into any evening courses if the sections that he initially requested are filled. If you want to insure that you are not assigned times for courses that you will not accept, please take care in filling out the forms correctly.

Advance Registration Information

Undeclared Majors

All students in the college who do not have declared majors may pick up registration forms and schedule booklets from the CAS Peer Advising area of the John W. Ryan Lounge in McCormack Hall/3 according to the schedule listed below. Student may return for individual advising to that area and to the adjacent CAS Office of Academic Support and Advising Conference Room according to the schedule listed below for November 26-30. All registration forms must be returned to the CAS Advising area by Noon on November 30. The Office of Registration and Records **will not** accept registration forms from undeclared majors in the College of Arts and Sciences.

Distribution of Registration materials

November 19-Monday	10:00 a.m.-6:00 p.m.
November 20-Tuesday	10:00 a.m.-6:00 p.m.
November 21-Wednesday	10:00 a.m.-1:00 p.m.

Declared Majors

Registration forms will be available within major departments and must be returned to the Office of Registration and Records by 5:00 p.m. on Friday, November 30.

COLLEGE OF ARTS AND SCIENCES COURSES LOAD POLICY

Students may enroll for no more than FIVE (5) courses. After the First semester, however, students may take ONE (1) additional course under the following conditions:

(A) The Student's overall grade point average is 3.0 (or above) or the grade point average for the previous full-time semester is 3.5 (or above).

AND

(B) Written permission is secured from the Associate/Assistant Dean for Academic Studies.

INCOMPLETE POLICY

The grade incomplete (INC) is reported only where a portion of the assigned or required class work, or the final examination, has not been completed because of serious illness, extreme personal circumstances, or scholarly reasons at the request of the instructor. If the student's record is such that s/he would fail the course regardless of the result of the missing work s/he fails.

Permission of the Instructor must be obtained and the **Form for Grade Incomplete** must be completed. These forms can be obtained from the appropriate Departmental offices.

A student receiving the grade of "incomplete" is allowed one full year in which to complete the course. The new grade must be submitted to the Registrar's office by the grading deadline for that semester, i.e., by the end of the **next fall** semester for fall incompletes; by the end of the **next spring** semester for spring incompletes. The grade for any course not completed by this deadline will be converted to the grade of "F" and the course cannot be completed.

IMPORTANT NOTICE FOR SPRING '85 SEMESTER

Registration for all students will be held from November 19th - November 30th.

All continuing degree students must register during this period or they will be assessed a $25.00 late registration fee.

N O T I C E

C.A.S. Writing Proficiency Requirement

All CAS students who entered as freshmen in the Fall of 1978 or thereafter and all students who entered as transfers in the Spring of 1979 or thereafter must meet a writing proficiency requirement. All these students must pass a writing proficiency exam or submit a satisfactory portfolio. Students must complete this requirement prior to earning 60 credits; students who transfer 60 or more credits must meet the requirement no later than the end of their first semester in residence. For students who do not meet this requirement registration for courses will be invalid.

For more information about the CAS Writing Proficiency Examination and Core requirements see the following pages. If you have any questions contact the Office of Academic Support and Advising (020-3-625, ext. 8220).

Advising During Registration For CAS Students

Students who are ready to declare a major but have not yet done so must pick up Declaration Cards at the Registrar's Office. An advisor will be assigned by the major department.

All CAS students must plan their schedules and receive written approval of the schedule from a faculty advisor.

Students who have not declared majors will pick up registration materials directly from the Academic Support Office and will return their registration forms directly to that office, not the Registrar's Office.

THE WRITING PROFICIENCY REQUIREMENTS

Part of the Core curriculum requirement is the demonstration of proficiency in writing. This must be done by the beginning of the junior year (60 credits). The requirement holds for all students who entered CAS as freshmen in September, 1978 or thereafter, or as transfer students who entered CAS in January, 1979 or thereafter.

Proficiency may be demonstrated either by passage of a special examination or submission of a successful portfolio.

The Writing Proficiency Examination

The examination is given four times a year. Dates are posted in the Mass Media and in the Office of Academic Support and Advising (2-3-625). A student may sign up a month in advance of the schedule date, and will receive the reading materials upon which the examination will be based. In order to pass the examination, the student must write an acceptable essay based on a question designed to elicit evidence of thorough understanding of the material read, as well as the ability to synthesize the material, draw inferences, and construct a well-organized response in good English.

Note that the Writing Proficiency Examination is not the same as the English Placement Test which all students take upon entrance to the college. The two tests are very different in nature and purpose.

The Portfolio

The portfolio offers an alternative method of demonstrating writing proficiency. It may be submitted at any of the scheduled examination times. It consists of four papers, each at least five typewritten pages in length. Three of these are expository papers, written for courses, and based upon reading materials. The instructor's assignment and affirmation of originality must be included in each case. The fourth paper is a new one, written on a topic and a series of readings distributed by the Office of Academic Support and Advising.

Students who have not satisfied the writing proficiency requirement by the beginning of the junior year will have curtailed schedules until the requirement has been satisfied. Complete details of the regulations are available in the Office of Academic Support and Advising.

CAS STUDENTS
OLD REQUIREMENTS CORE I

Each student is required to take two semesters of writing, normally during the freshman year. In addition, each student must take a distribution pattern consisting of twelve courses from among the following six areas.

A. Historical and Cultural Studies
B. Foreign Language
C. Philosophy, The Arts, Literature
D. Mathematics, Computer Language, Statistics
E. Natural Sciences (Biology, Chemistry, etc.)
F. Social and Behavioral Sciences (Psychology, Anthropology, etc.)

In fulfilling the distribution pattern the student has several options:

A. Choosing two courses from each of the six years
B. Choosing two or three courses from at least four areas, and one or two courses in other areas. As necessary, to bring the total to twelve.

No more than three courses may be allowed towards the Core requirements in any one area. In the case of foreign languages, intermediate proficiency is satisfied either by examination (given by the department in question) or by successful completion of a foreign language course at the 200 level. Intermediate proficiency satisfies three of the twelve distribution courses. A student who does not achieve proficiency may offer only the courses taken in one foreign language in satisfaction of the distribution requirements.

OLD REQUIREMENTS CORE II

A. Two courses in writing to be taken the freshman year. The requirement can be met by taking English 101 and 102.
B. Three courses in the Social Sciences of which at least one must be in History and one in another discipline (i.e., Psychology, Economics, Politics, Anthropology, Sociology).
C. Foreign Language: Two years (introductory and intermediate level).
   1. Students who demonstrate proficiency in foreign language at the intermediate level are exempt from the language requirements. (Foreign students whose native language is not English are also exempt from this requirement).
   2. Students who have successfully completed two years of a foreign language in high school or who otherwise demonstrate elementary proficiency in foreign language can take two semesters of a foreign language at the intermediate level or two semesters or a foreign literature in translation (these courses are offered under the language departments). Please note that the classics dept. also offers literature courses in translation.
   3. Students without previous training must begin a language at the elementary level. However, they can still substitute literature in translation courses for the intermediate level. (Students with previous training may, if they wish, also begin at the elementary level).
   4. Students must take three semester courses in the natural sciences or in math of which at least two courses must be taken in the same discipline, and at least one in a natural science.

THE NEW CORE CURRICULUM

The CAS senate has established a Core curriculum which will constitute and rationalize approximately one third of the student's total academic program, and complement the student's concentration in one field or discipline of study with a general, coherent exposure or introduction to the several areas and disciplines into which liberal learning is organized.

Liberal Learning—the kind of learning that broadens awareness, deepens understanding, poses alternatives, and informs vital decisions—may be divided into seven broad categories each of which represents a way of complementing each other and sometimes they diverge from or question each other. We make a distinction between five Core areas and two Core disciplines. I. Historical and Cultural studies concern the reconstruction and interpretation of human past and seek to understand the world even in non-literate cultures. II. Philosophical and Humanistic studies focus on the analysis of concepts and values, social, ethical, religious, and cognitive, and interpret the world through the critical application of such concepts and values to experience. III. Social and Behavioral Sciences—such as anthropology, economics, psychology, politics, and sociology—analyze the world in terms of structures and processes of behavior, of social interaction and institutions. IV. Natural Sciences seek an experimental understanding and application of the laws that explain natural phenomena, and approach the human world through a study of its natural elements, structures and processes. V. The Arts approach the world through an awareness and use of forms of creative expression such as music, drama, literature, paintings, sculpture and architecture. The two Core disciplines are foreign languages and mathematic and computer languages. VI. Foreign Languages provide an understanding of human thought, feeling and culture through a study of the structures, meaning, functions, and development of speech; the study of a language not one's own improves mastery of one's own language and contributes eventually to the understanding of another culture. VII. Mathematics and Computer Languages exhibit self-enclosed symbolic systems whose analytic pleasures and practicial uses extend our sense of the nature and processes of human thought and the manageability of reality. All seven are components of a liberal education. One is not liberally educated without a basic sense of what they are, how they work, and how they may relate to each other.

NEW CORE CURRICULUM REQUIREMENTS

All students entering the College of Arts and Sciences in the Fall of 1979 and thereafter must meet the following requirements:

1. 1 year of freshman writing (or gain a waiver by placement exam).
2. 12 Core courses selected from the following seven areas; in any one area, a student may count up to three courses, otherwise no more than two. 3 of the Core courses must be at the intermediate level. (Core courses and Core sections are designated by a "C" before the courses number, i.e., ANTH C102).

   Historical and Cultural Studies
   Philosophical and Humanistic Studies
   Social and Behavioral Sciences
   Natural Sciences
   The Arts
   Mathematics and Computer Languages
   Foreign Languages
   (students electing first-semester courses must complete two semesters in the same language.)

Any one of the following patterns will satisfy the Core requirement:

Seven Areas	Six Areas
2,2,2,2,2,1,1	2,2,2,2,2,2
3,2,2,2,1,1,1	3,2,2,2,2,1

A student who presents evidence through placement score or transcripts of intermediate proficiency in a foreign language or of work equivalent to college calculus (Math 140, 141) may waive the foreign language or mathematics courses. Students granted a waiver in foreign languages or mathematics need take only 10 Core courses in the remaining six areas, only 1 of which need be intermediate; students granted two waivers need take only 8 Core courses in the remaining five areas, noe of which need to be intermediate.

3. All students must pass the writing proficiency examination or present a satisfactory portfolio of papers before the beginning of the junior year (60 credits).

QUESTIONS AND ANSWERS ABOUT THE NEW CORE CURRICULUM

1. Q. *Which Core requirements do I have to meet?*
   A. If you entered UMB before Fall, 1979, you must meet the Old College I or College II Core requirements. If you entered UMB as a freshman or transfer student in the Fall of 1979 or after, you must meet the new CAS Core requirements.

2. Q. *I already know what I want to learn here. Why do I have to take a lot of courses that will be useless to me?*
   A. The CAS senate, composed of both student and faculty representatives, approved the New Core Curriculum because they agreed that educated people must know about other areas of knowledge in addition to their own specialities. Many of the persistent human concerns and problems can be approached from a variety of viewpoints, and an understanding of these different ways of knowing should lead to an increase in tolerance and sensitivity to others. Such breadth of understanding should also encourage people to use complex and well-informed thinking in approaching problems and issues.

3. Q. *Why is there a series of specific courses, instead of a distribution requirement?*
   A. It was believed that the goals of the Core could be best achieved by creating a Core curriculum made up of a limited number of courses that were specially designed to introduce entire disciplines and ways of knowing, and which were appropriate for non-majors (as well as majors in some cases). Core courses are also limited in size, and they offer special emphasis on the skills considered crucial for success at the university: writing, critical thinking, and math.

4. Q. *How do I know which are the Core courses?*
   A. Only courses or sections with C in front of the number are Core courses (for example, ANTHRO C102). At preregistration each semester a list of the Core courses offered the next semester will be available.

5. Q. *How many Core courses do I have to take?*
   A. First, you need 2 semesters of freshman writing (ENG. 101 and 102). In addition, you will have to take 12 Core courses selected from at least 6 of the 7 Core areas (Historical and Cultural Studies, Philosophical and Humanistic Studies, Social and Behavioral Studies, Natural Sciences, The Arts, Mathematics and Computer Language, and Foreign Languages). For one area you can count up to 3 courses toward the Core. For the rest, only 1 or 2 courses can be counted toward the Core. Three Core courses must be at the intermediate level (number 200 or above).

6. Q. *Can I take more than 3 courses at the intermediate level?*
   A. Yes, but you must be sure to take at least three.

7. Q. *Can I take any of these Core courses pass/fail?*
   A. Yes, you may take one course each semester pass/fail. Be sure to check with your major department, though, to find out whether the course can be counted toward your major.

8. Q. *I am a transfer student. Do any of the courses from my previous college count toward the Core?*
   A. When you were admitted you received a form from the Admissions Office which listed those courses which counted toward the Core by area.

9. Q. *I have just switched from CMPS (or CPCS). Can I count any of those courses toward the CAS Core?*
   A. These courses are counted in the same way that other transfer credits are.

10. Q. *I am a foreign student, and English is not my first language. Are there any differences in the Core requirements for me?*
    A. No. The requirements are the same. You may, of course, demonstrate intermediate proficiency in your native language and waive two language course requirements.

11. Q. *Can any of the Core requirements be waived?*
    A. The writing requirements can be waived by passing an English Placement Exam at the appropriate level. Two foreign language Core courses can be waived if you can present evidence, in the form of placement scores or transcripts, that you have intermediate proficiency in a foreign language. Two math Core courses can be waived if you can prove that you have completed work equivalent to college calculus (MATH C140, C141). You can do this through the Math Placement Test or through course work taken elsewhere. The writing proficiency examination **cannot** be waived.

12. Q. *What if I do get a Math or Foreign Language Waiver?*
    A. If you receive one waiver, you will only need to take 10 Core courses and only 1 must be intermediate. If both Math and Foreign Language are waived, you only need to take 8 Core courses, and none have to be intermediate. Simply think of your waiver as satisfying the requirement of two courses in one area.

13. Q. *Can I take courses in 2 different languages to meet the Foreign Language requirement?*
    A. If you start a language at the introductory level you must do the equivalent of two semesters in order to get Core credit. However, a course in any language will count toward the Core requirement if it is at least at second semester level.

14. Q. *Where can I get more information about the Core curriculum?*
    A. Office of Academic Support and Advising — 020/3/625

SEMESTER IN SPAIN

Not just for Spanish majors only, but for everyone: beginners, "in between" students, and advanced. Put some excitement into your college career!!

BEGINNER OR ADVANCED — Cost is about the same as a semester in a U.S. college: $3,380. Price includes jet round trip to Seville from New York, room, board, and tuition complete. Government grants and loans may be applied towards our programs.

Live with a Spanish family, attend classes four hours a day, four days a week, four months. Earn 16 hrs. of credit (equivalent to 4 semesters taught in U.S. colleges over a two year time span). Your Spanish studies will be enhanced by opportunities not available in a U.S. classroom. Standardized tests show our students' language skills superior to students completing two year programs in U.S. Advanced courses also.

Hurry, it takes a lot of time to make all arrangements.

SPRING SEMESTER — Feb. 1 - June 1

Registration Procedures and Information

Registration forms for all College of Management students will be available in the CM Office of Student Services (020/3/415) from 8:30 a.m. to 7 p.m., Monday through Thursday and from 8:30 a.m. to 5 p.m. on Fridays during Advance Registration, November 19 - 30, 1984. Completed registration forms must be returned to the Office of the Registrar by 5:00 p.m. on Friday, November 30.

A full-time registration for CM students is a maximum of five courses. Registration for more that 15 credits requires written permission of the CM Director of Student Services. Normally such permission is given only when a student's cumulative grade point average is 3.0 or above.

Advising

College advisors, as well as peer advisors, will be available in the CM Office of Student Services during the hours listed above to assist the following students with course selection:

- students with less than 60 credits completed
- students who have not declared a concentration

Students who have successfully completed a minimum of 60 credits and who have declared a concentration are encouraged to make an appointment to see their faculty advisors. Faculty advisor assignments are posted in the CM Student Services area each semester. All CM students should also see a college advisor in the Office of Student Services several times during their college career to officially update their program plan.

Course Selection

Degree requirements are available in the CM Office of Student Services. Students in the College of Management are expected to complete general education requirements as well as other 100 and 200 level required course work during the first two years of study. All 300 and 400 level CM courses, including Management Core and Concentration requirements, may only be taken after the student attains junior or senior standing.

Incomplete Courses

Students who have received an incomplete grade in a course through a prior arrangement with an instructor must go to the original instructor, or in his/her absence to the Department Chair, to make arrangements to complete the course. Do not reregister for the course.

Pass/Fail Regulations

Students in the College of Management may take courses on a pass/fail basis in accordance with university policy, with the following restrictions: required courses in general education, the management foundation, management core and concentration may **not** be taken pass/fail.

Non-Management Students in CM Courses

Non-management students may register for AF 210, Financial Accounting, and AF 211, Managerial Accounting. With very few exceptions, which require prior written approval from the CM Dean's Office, registration in all other College of Management courses is closed to non-management students. Exceptions to enroll in a particular course(s) require a written request to the CM Dean's Office accompanied by official transcripts of all prior college level coursework.

PHYSICAL EDUCATION
Spring 1985

Registration Procedures and Information

Registration forms for all Physical Education majors will be available in the Physical Education office, (Science Building) from 8:30 A.M. to 4:30 P.M., Monday through Friday during Advance Registration, November 19-November 30, 1984.

Advising

Faculty will be available in the Physical Education office to assist students with course selection during Advance Registration. It is advisable to call and make an appointment with a faculty member (929-8598)

Students who have completed a semester and have declared a specialization in Physical Education should make an appointment to see their faculty advisor. Faculty advisor assignments may be obtained in the secretary's office for Physical Education.

All Physical Education majors must fill out a major registration card each semester. Each faculty advisor will have these cards or they may be picked up in the secretary's office (080/03). Please check to see that your name is on the department list of registered majors.

Course Selection

Degree requirements are available in the Physical Education office. Physical Education majors are expected to complete the core curriculum as set forth by the College of Arts and Sciences and are required to demonstrate proficiency in writing as outlined by the College of Arts and Sciences. Further information about the Writing Proficiency Requirement can be obtained from CAS Academic Support Services, M-3-625.

Any student who is not completing a program in Physical Education may elect up to four skill development courses for credit during his/her college career.

Skill development courses may be listed in the schedule booklet as starting the first or second seven weeks. Courses starting the second seven weeks will commence the week of March 4, 1985. You may check in the Physical Education office to verify the exact date for the second seven weeks classes.

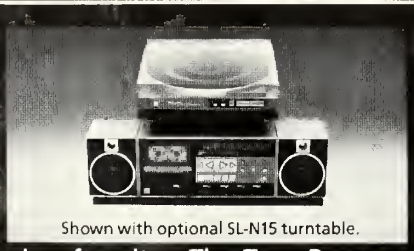
Why get stuck with component sound that always gets stuck at home?

Auto Reverse. Dolby.* Separate speakers. This Panasonic AM/FM stereo cassette recorder gives you sophisticated component features. You can enjoy at home. Or away.

The Panasonic Platinum Plus™ RX-C52 gives you superb listening. Whether you're just sitting at home. Or out heading for a good time.

With special features that make home Hi-Fi so satisfying. Like Dolby for serious sound. Lots more music. With lots less noise. And Auto Reverse. So you can listen to both sides of the tape. Without turning it over. And feather-touch controls.

A two-way four-speaker system gives you super stereo. And if you want to play your favorite song again and again, Sam. Just touch a special button called One Program Repeat. Or if you want to skip songs to find your other favorites. The Tape Program Sensor takes you where you want to go.



Shown with optional SL-N15 turntable.

We can squeeze all this performance into this beautifully compact space. Thanks to our technology called TriTex™ circuitry. In fact,we could keep talking about the features. But we'd like you to get this show on the road.

Batteries not included. *Dolby is a trademark of Dolby Laboratories.

If your plans for the future include college, the Army Reserve can fit nicely into your plans.

You'll get hands-on training in one of hundreds of potential careers, from communications to electronics to engineering.

You'll learn from experienced, first-rate instructors. And you'll hone your skill by working on a Saturday and Sunday each month at a Reserve center near your college.

The money you earn (an average of $1,500 a year) will help with some of your college expenses. And besides your regular salary, you could also qualify for an additional $4,000 in student aid and a student loan repayment program.

Find out more about the Army Reserve. If you're headed for college, it's a step in the right direction. See your local Army Reserve recruiter today. Or call toll free 1-800-USA-ARMY.

ARMY RESERVE.
BE ALL YOU CAN BE.

Welcome aboard Starship Camaro.

Camaro Berlinetta Climb in. Buckle up. Adjust the retractable, touch-sensitive instrument pods so your hands never have to leave the wheel to control vital functions. Turn the key and watch the system monitor perform seven preflight tests as the engine sparks to life. Blip the throttle and watch the vacuum-fluorescent tach dance to the rhythm of your right foot.

To orchestrate your voyage, dial up a symphony on the pivoting, pod-style Delco AM/FM stereo with vacuum-fluorescent display and optional graphic equalizer. (Radio may be deleted for credit.)

Now, put it in gear, give it some gas and watch the digital speedometer numbers multiply. Your journey has begun.

And at your Chevrolet dealer's, financing or leasing your new Camaro Berlinetta is as easy as saying GMAC.

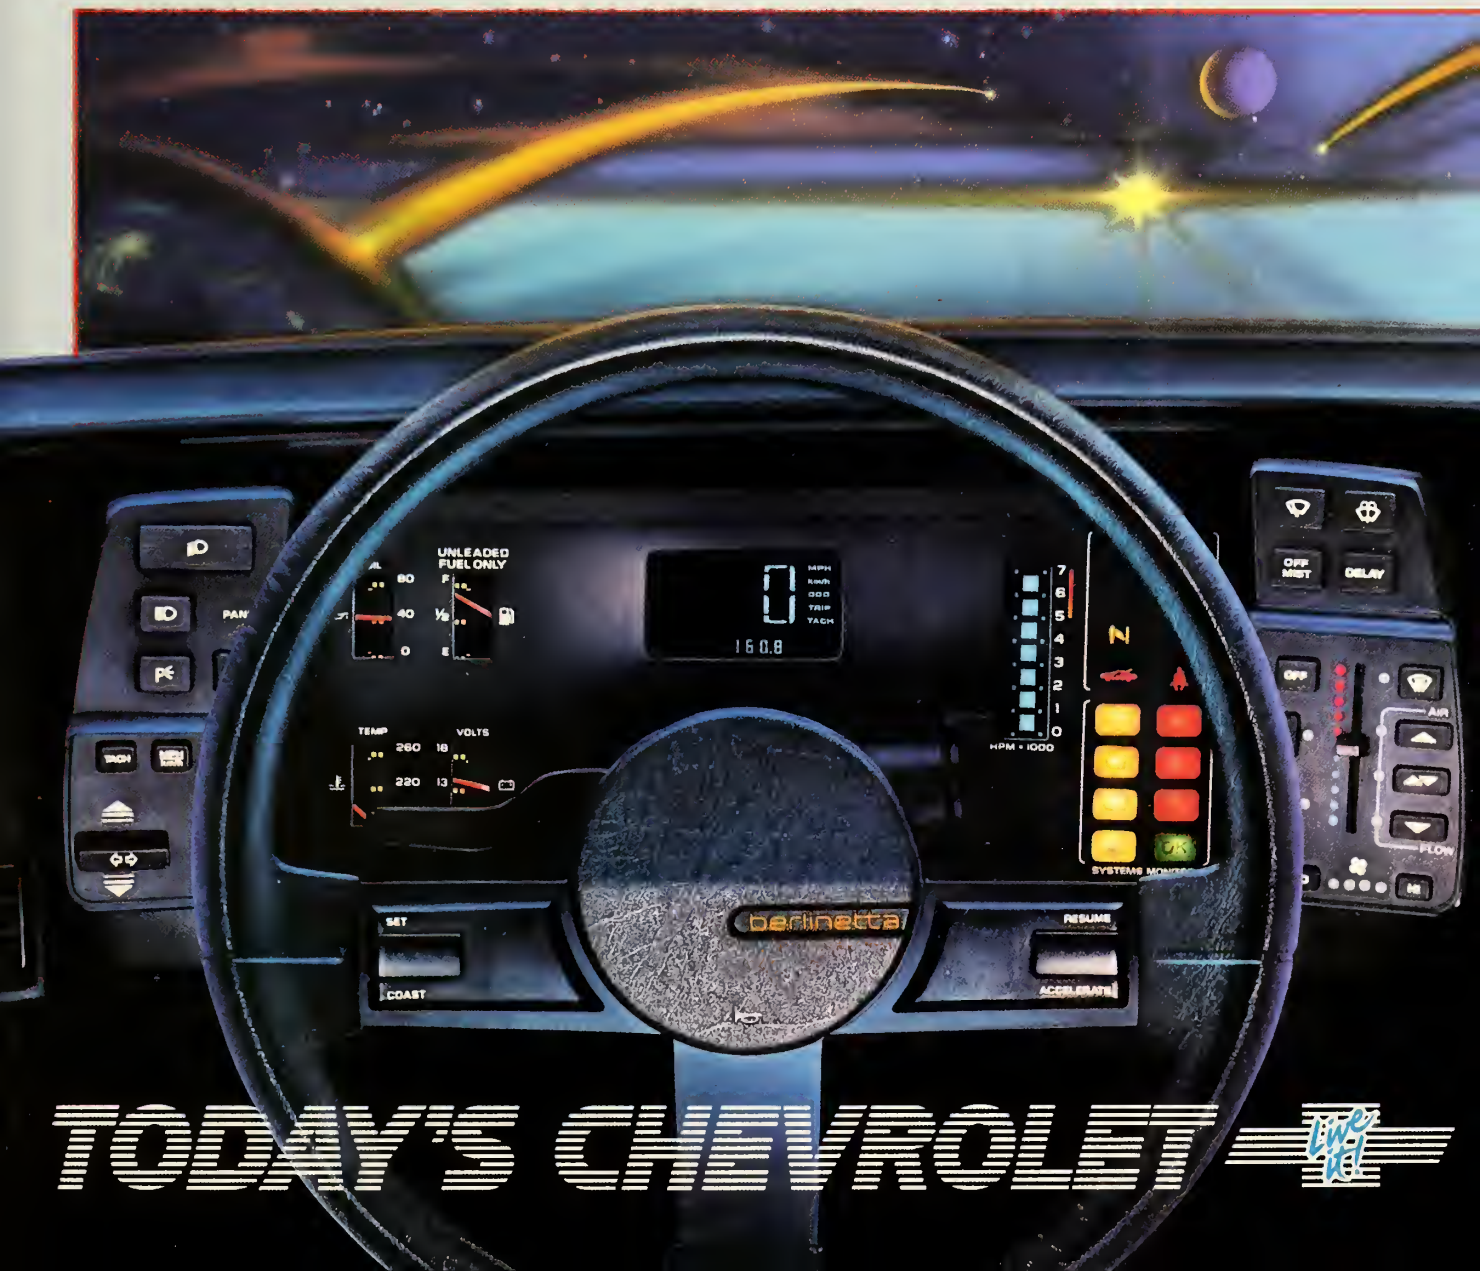
MARK OF EXCELLENCE

Let's get it together...buckle up.



TODAY'S CHEVROLET

Technics Linear Tracking and Quartz Drive. If your next turntable gives you less, you're settling for less of a turntable.

To create a turntable with either linear tracking or quartz drive is an achievement in itself. But to create a turntable with both linear tracking and quartz drive is pure Technics.

A Technics turntable with linear tracking gives you a tonearm that moves straight across the record. The way the record was originally cut. So you get none of the distortion or tracking error that are so common with conventional turntables.

Quartz drive is the most accurate drive system in the world. That means the wow and flutter that plagues conventional turntables is inaudible.

So Technics turntables, with both linear tracking and quartz drive, deliver performance few turntables anywhere can match.

The new Technics SL-J2 offers completely automatic operation: automatic speed selection, automatic disc size selection, automatic start, stop, return and more. There are front-panel controls. Including a digital display of the track number you're listening to. And all of this technology has been placed in a turntable about the size of a record jacket.

Technics turntables also feature the innovative P-Mount plug-in cartridge system. For optimum tone-arm/cartridge performance and ease of cartridge installation.

So why settle for less. Explore the entire line of Technics turntables at a dealer near you.

Some run away. But others are kidnapped by strangers, or even by people they know.

Don't let your child be one of them. Teach your children:

- Not to accept rides or money from anyone without your permission.
- To tell a policeman if someone makes them feel scared.
- To walk with friends to school, parks, and home.

And teach 'em today. Because for a child who doesn't know the rules, no neighborhood is safe. Not even yours. To find out more, write me, McGruff the Crime Dog, at Crime Prevention Coalition, Dept. A, Box 6600, Rockville, Md. 20850. And find out how you can...

NEW from *Modern Bride*

Before you say "I do" ...say "Yes!" to these indispensable books.

Modern Bride's Engagement Journal and Wedding Treasures by the Editors of Modern Bride

You are the author of these two beautiful 96-page volumes! A "living record" of the people, places and events that mark your passage from single people to a married couple, to pass down to your children and grandchildren as a treasured heirloom.

The Engagement Journal lets you record (in words, pictures and souvenirs) everything about your betrothal: how he proposed...breaking the happy news...photos of the families...your showers...his bachelor party...even your personal reflections.

Wedding Treasures provides an orderly, systematic way to record all the wonderful details of your marriage ceremony and reception. There's plenty of room for photographs...the wedding invitations... descriptions of the wedding clothes, rings, flowers, music and personal gifts...the wedding procession and vows...the guest list for your special day.

Both volumes only $14.95 (also available separately for $7.75 each). Send for your 14-day no-risk examination copies today.

The New Woman's Guide to Getting Married by Jacqueline McCord Leo

Whether you want a formal wedding or an intimate informal ceremony, here's everything you need to know about planning a wedding in the '80s. Written by *Modern Bride's* Beauty and Fashion Editor, *The New Woman's Guide to Getting Married* offers timely, practical advice: how to break the news to family and friends...preparing the guest list...budgeting for flowers, music and photography... deciding who pays the bills...choosing the right gown...avoiding wedding jitters...planning the perfect honeymoon...and more. You also get invaluable wedding checklists, charts, calendars—even sample marital contracts and financial agreements! *Only $8.95.* Mail coupon today for your 14-day no-risk examination copy.

THE NEW RENAULT ALLIANCES

The interesting thing is that they are in your class...*affordable.* The new Renault Alliances. When you meet them, you'll find they meet your prerequisites: A fully independent suspension does for a smooth ride what electronic fuel injection does for performance and petroleum economics: **40** EST HWY, **34** EPA EST MPG.* There's more. Elective features include an AM/FM six-speaker stereo cassette system. A computerized Systems Sentry that monitors vital fluids and brakes. An entry system with a remote infrared signal to lock and unlock doors. There's even a choice of engines, including the new 1.7 litre. Renault Alliance. The class of '85. *Built in America* and priced to keep your postgraduate payments affordable.

THE CLASS OF '85

Alliance 2-door **$6161**†

*Base model. 1.4-litre engine. Use for comparison. Your mileage may vary with speed, trip length, weather. Actual highway figures lower. †List price. Tax, license, destination charges, optional/regional equipment extra. All options not available on all models. **Buy or Lease. From American Motors.** **Safety Belts Save Lives.**

In the Air Force no idea is too far out.

Air Force engineers are designing tomorrow's technology today. It takes imagination to dream new dreams and skills to bring those dreams to life.

If you're an electrical or aerospace engineer, or plan to be, the Air Force gives you a chance to push your skills to the limit and learn new ones. And while you're growing, you'll be helping your country grow stronger, too.

For more detailed information, call us toll-free at 1-800-423-USAF (in Calif. 1-800-232-USAF). Better yet, send your resume to HRS/RSAANE, Randolph AFB, TX 78150. We're waiting for your ideas.

Superstar

The new Canon T70 makes the great shots simple.

When N.H.L. superstar Wayne Gretzky shoots a goal, he does it so well he makes it look simple.

When Gretzky shoots pictures, he uses the superstar SLR—the incredible new Canon T70, with automatic features so advanced it makes the great shots simple.

The new T70 actually loads itself! A built-in power winder advances the film and rewinds, too. Electronic touch-buttons control all functions and a bright LCD display provides a full information readout.

You just focus-and-shoot with three programmed modes: standard program for most subjects, TELE for action and telephoto shots, WIDE for scenics and wide-angle shots. Shutter-priority mode lets you set speeds for total control over action, and the optional Canon Speedlite 277T provides fully automatic flash. So you can make really great shots without giving up automatic convenience.

The optional Command Back 70 adds even more incredible capabilities, and the entire line of over fifty Canon FD lenses can be used.

Get the superstar SLR. It makes the great shots simple.
